

...God will deliver you through everything you face in your life, and you'll have the peace and comfort of God in everything you do. You will have an experience of life which needs no coping mechanism. Life will be wonderful.

You can pray in your own words, but here is an example prayer: "God, I know that Jesus Christ is Your Son. I know that He defeated death on the cross by raising back to life. I accept Jesus' sacrifice for my sins. I want to be saved. Thank You God for sending Jesus to save me. Amen."

God provides this salvation for free. He provides a life of knowing Him for free. He provides a changed, joyful life for free. A bag of drugs costs money. The drugs are made and spread by violence and people who don't care about overdoses or lost jobs, homes, and families.

God's Son provides you life, for free. So, which is better? A life with the constant need or want for a fix that never lets up, or eternal life by faith in Christ Jesus, which lasts forever and has no cost or strings attached? Think about it. What is the wisest choice you can make? Your eternal life really will, one day, depend upon this choice. God loves you.

## Drugs & Alcohol, or God

[EndtimesVictory.org](http://EndtimesVictory.org)

I lived the drug life, from age 16 to 22. Drugs and alcohol make you feel good, and numb reality, but at the same time your life is destroyed by them. Drugs take away the motivation to take care of needs and solve problems in your life. For me, after 6 years of it, my life was a shambles.

With drugs, you can become so disconnected from reality that you don't care if your parents are about to kick you out of the house, giving you nowhere to sleep. Or, you don't care if you'll get fired from your job for coming in wasted.

Ultimately, drugs destroy your life. God, though, is able to give you a life experience of joy, peace, comfort, and love for all, that cannot come from anything else. He charges nothing for it. God can give you a much greater, much longer-lasting happiness than that provided by drugs and alcohol. Life in God is very happy and enjoyable.

Being led by God, you can have the satisfaction of taking care of people, the satisfaction of doing good for others by God's leading. Being certain...

...that what you are doing is helping people who you are going to see in eternal life. The folks you help will be eternally grateful for what you've done for them. This kind of living certainly provides you the ability to sleep well at night.

Folks often take drugs because they don't like what the world has to offer, and they don't like what it represents. **Jesus had the same view.** Jesus was **killed** by the world authorities for His message of salvation, and for His teachings against the world system. He provided a way out, and the world opposed Him for it.

Jesus is God's revolutionary for the kingdom of heaven. He leads men to the system of life which takes care of men. The world's system only kills, steals, and destroys. **Jesus is against the world system.**

Jesus did only good in His life, and only helped people. He is so amazing, that He healed the deaf, blind, crippled, insane, people with devils, people with leprosy, and every other affliction of men, simply by speaking a word. "I will, be thou cleansed", and they were healed by His awesome power. This is what Jesus and God have to

He is so amazing, that He healed the deaf, blind, crippled, insane, people with devils, people with leprosy, and every other affliction of men, simply by speaking a word. "I will, be thou cleansed", and they were healed by His awesome power. This is what Jesus and God have to

offer, in the face of the world's solution of numbing the pain by drugs that take a serious toll on the people who use them for escape.

If you want to be freed from the grasp of the world, **you can be.** God has provided a way out for every person on earth who wants to live in wholesome, loving, good, godly ways. You don't have to chase highs, or oblivate yourself in any other way, to be happy and to overcome what you are facing. **God has provided His Son's act of defeating death for all time, to pay the price for our sin and deliver us to eternal life.**

Jesus died on the cross and rose again 3 days later, defeating the power of the world for all time. The worst power that the world wields is death, and Jesus overcame death completely.

Jesus witnessed to men that He is the Son of God. The bible says that if we believe and confess that Jesus is the Son of God, and that we know that He died and rose again, then we will be saved. If you accept Jesus' sacrifice for your sins, you will be filled with God, Jesus, and the Holy Spirit, and you'll be able to talk to, know, and be led by God for the rest of your life.
